SUBJECT: LOCAL SKATERS PRACTICE WITH PAST OLYMPIC MEDALIST

On July 28, 2006, a group of local skaters participated in a seminar with 2 time Olympic Silver Medalist, 8 time Canadian Champion, and 1987 World Champion, Brian Orser.

The skaters from the Skating Club of New Hartford, as well as other local clubs, participated in a day long seminar in Rochester, NY, at the ESL Sports Center. The skaters pictured below include (from left to right) Shannon Creedon, Samantha North, Dominica Toczala, Taylor Moon, and Amanda Tucciarone.

Each of the skaters spent time with the former World Champion during on-ice and off-ice sessions, hoping to learn from the first men's skater to land a triple axel in an Olympic competition. Orser was joined by three other highly regarded skating experts, Mary Emes, Lisa Ervin-Baudo, and Paula Wagener, for the day long seminar.
