

RULES OF THE ICE

SCNH Spring/Summer Ice at Whitestown

START/END of SESSIONS:

- **Every skater should check in with the monitor before each session** – parents are sharing monitor responsibilities – they do not know many of you.
 - Drop-ins should check availability ahead of time (some sessions will be full) then check-in promptly upon arrival– spots are filled first-come/first-serve. Checking availability does not guarantee a spot but can prevent an unnecessary trip to the rink.
- Do not get on the ice if a monitor is not present.
- Do not get on early without permission from the monitor.
- Skaters must leave the ice promptly at the end of their session.
- Limit getting on and off the ice during your session.

ON THE ICE:

- Use common courtesy – these are busy OPEN sessions with skaters at a range of ages and ability levels.
- Do not stand and talk in the middle of the rink – stand at boards.
- Spin in the middle, jump on the ends, as a general rule.
- The program skater (wearing the vest) has the right of way over all skaters.
- Skaters in a lesson have the right of way, except over programs – Do not skate through lessons.
- Skaters must wear the orange vest when their program music is played – this includes dancers (one of the partnership, if 2).
- Familiarize yourself with the moves and dance patterns of other skaters and try to avoid crossing their path.
- No earphones or headphones, etc. – this is a safety issue.
- No phone use on ice surface while skating.
- Everyone is here because they enjoy skating; sometimes you might be in their way, sometimes they might be in your way. PLEASE be respectful, considerate and understanding of all skaters.

BEHAVIOR: Any skater/family member displaying behavior which is considered to be disruptive or potentially dangerous will be asked to change their behavior, and if necessary asked to leave the ice/arena for the remainder of the session. The monitor and coaches - even those that are not yours - have the right to approach you about behavior. Visitors are not allowed in the hockey boxes, and skaters for only temporary needs.

Please bring any immediate concerns or questions to the session monitor.

Please sign and return that you have read and agree to abide by the rules above.
